

Stellenbezeichnung: Internship Smart Sprayer (m/f/d)

JOIN THE TEAM

Agriculture is all about balance. The balance that is crucial to everyone's existence - also applies to our Agricultural Solutions division. We connect innovative thinking with practical action to find the right balance for success - for farmers, agriculture and future generations. With seeds and traits, crop protection and digital solutions, we help farmers produce food more efficiently, protect the land and meet the needs of society.

RESPONSIBILITIES

Agriculture is changing. Agriculture demands new solutions. Agriculture is going digital. That is our motivation. Be part of our team starting February or March 2024, shaping crop production as it will look tomorrow.

- You support us in the operational implementation of field trials. This includes the planning, preparation and execution of all tasks.
- Moreover, you take on responsibility by looking after our trial machines and thus gain a deep insight into our trial system.
- In addition, you gain experience in arable farming by regularly visiting our trials.
- You also broaden your horizons by supporting us in different regions.
- Last but not least, you participate in the evaluation and analysis of the field trials.

QUALIFICATIONS

- enrolled student in agricultural sciences or related field of study
- experience with modern agricultural technology
- driving licence class T and B
- certificate of competence in plant protection
- very good knowledge of German and good knowledge of English

BENEFITS

From day one you will be part of the BASF family.

You will get involved in challenging fields of activity and have the opportunity to work on exciting projects in an interdisciplinary environment.

Depending on the location of the respective group company you will get to know BASF and participate in various workshops and guided tours.

In this way you will make numerous interesting experiences and get a deep insight into the world's leading chemical company. Information regarding internships: on.basf.com/internship

xarvio Digital Farming Solutions powered by BASF is at the forefront of the digital transformation of agriculture optimizing crop production. xarvio offers digital products, based on a global leading crop model platform, which deliver independent field-zone-specific agronomic advice enabling farmers to produce their crops most efficiently and sustainably. The xarvio products FIELD MANAGER and HEALTHY FIELDS are being used by farmers in more than 100 countries worldwide. Working at BASF Digital Farming GmbH is equally as innovative as our products: we have a global network and work with agile methodologies in a start-up atmosphere. Join our team! Learn more about xarvio at www.xarvio.com or visit any of our social media channels.

At BASF, the chemistry is right.

Because we are counting on innovative solutions, on sustainable actions, and on connected thinking. And on you. Become a part of our formula for success and develop the future with us -

in a global team that embraces diversity and equal opportunities irrespective of gender, age, origin, sexual orientation, disability or belief.
