Insights into Science Management

Science management has become an attractive and manifold occupational field for PhD graduates. In order to illustrate the wide range of tasks and professions as well as prerequisites for an entry in this occupational field to PhDs and PostDocs, the Göttingen Interdisciplinary Graduate Schools provide different insights into science management in 2024. One example is the [Schnupperworkshop „Wissenschaftsmanagement – ist das was für mich?“](#). Further events and activities are still in planning. Please find further and updated information online [here](#).

Certificate Program of the Section for Teaching and Learning in Higher Education

If you want to qualify for teaching in a career-effective way, then you can now register again for the certificate programme of the Section for Teaching and Learning in Higher Education (Hochschuldidaktik). The program runs over a period of two semesters and starts in March 2024. The aim is to provide participants with key content and methods of teaching and learning at the university and to develop existing skills. The certificate program is usually conducted in German. If you are interested in participating at this program please don't hesitate to contact the [Hochschuldidaktik](#). Further information and registration can be found [here](#).

FoLL: Enabling students to conduct research at an early stage - developing skills in research-oriented teaching

Dear doctoral students, dear lecturers, would you like to supervise and accompany a small group of committed Bachelor's students (1/3 Master's is possible) in their early research, possibly also pursuing your own research interests and developing your skills in research-oriented teaching? The "Research-oriented Teaching and Learning" (FoLL) program, which is part of the section for teaching and learning in higher education, offers opportunities for this. Find out more [here](#) or contact Susanne Wimmelmann on 0551/3925981. The application deadline for SoSe 24 is 21.03.2024.
