

Tagungsbeiträge 2007

1. Clough Y (2007) Large scale study of cacao agroecosystems in central Sulawesi - linking biodiversity, ecosystem processes, and productivity. Tropical Diversity in the Anthropocene 20th Annual Meeting of the Society for Tropical Ecology (GTOe), Bonn, 91.
2. Ebeling A, Klein AM, Tschardt T (2007) Plant-pollinator interactions in an experimental grassland. Verhandlungen der Gesellschaft für Ökologie, Marburg, 96.
3. Fründ J, Linsenmair KE, Blüthgen N (2007) Does pollinator diversity and specialization increase with flower diversity? Verhandlungen der Gesellschaft für Ökologie, Marburg, 290.
4. Holzschuh A, Steffan-Dewenter I, Tschardt T (2007) Effects of dispersal corridors on wasps, bees and their natural enemies in agricultural landscapes. Verhandlungen der Gesellschaft für Ökologie, Marburg, 468.
5. Klein AM, Vaissière BE, Cane JH, Steffan-Dewenter I, Cunningham SA, Kremen C, Tschardt T (2007) Importance of pollinators in changing landscapes for world crops. Challenges of Biodiversity Science 1st Eurodiversity Conference, Marne-la-Vallée, 22.
6. Klein AM, Vaissière BE (2007) Crop pollination and wild pollinators: current knowledge and future research. Diversity in Action 9th International Pollination Symposium on Plant-Pollinator Relationships-Diversity in Action, Ames, 97-98.
7. Klein AM, Steffan-Dewenter I, Cunningham S (2007) Coffee and cacao pollination: Advances in ecological knowledge from tropical ecology. 92nd Annual Meeting of the Ecological Society of America (ESA): Ecological restoration in a changing world, San Jose, 94.
8. Klein AM, Vaissière BE, Cane JH, Steffan-Dewenter I, Cunningham S, Kremen C, Tschardt T (2007) The role of pollinators for global crop production. 92nd Annual Meeting of the Ecological Society of America (ESA): Ecological restoration in a changing world, San Jose, 92.
9. Krewenka K, Westphal C, Steffan-Dewenter I, Vaissière B (2007) Landscape complexity and bee densities affect yield in strawberry fields. Verhandlungen der Gesellschaft für Ökologie, Marburg, 478.
10. Kroeger J, Meyer B, Steffan-Dewenter I (2007) Night and day: Diurnal versus nocturnal pollination of *Gymnadenia conopsea*. Verhandlungen der Gesellschaft für Ökologie, Marburg, 312.
11. Meyer B, Steffan-Dewenter I (2007) Pollinator limitation in two calcareous grassland species; *Primula veris* and *Hippocrepis comosa*. Verhandlungen der Gesellschaft für Ökologie, Marburg, 299.
12. Pielock SM, Steffan-Dewenter I, Krauss J (2007) Effects of endophytic fungi in grass species on herbivore resistance and competitive ability. Verhandlungen der Gesellschaft für Ökologie, Marburg, 93.
13. Poveda K, Nchimi N, Gomez-Jimenez MI, Steffan-Dewenter I, Kessler A, Tschardt T (2007) Belowground herbivory influences plant growth and plant-pollinator interactions. 92nd Annual Meeting of the Ecological Society of America (ESA): Ecological restoration in a changing world, San Jose, 96.
14. Scheid B, Tschardt T, Thies T (2007) Wildflower strips promote natural enemies of cereal aphids in winter wheat fields. Verhandlungen der Gesellschaft für Ökologie, Marburg, 472.
15. Sobek S, Steffan-Dewenter I, Tschardt T (2007) Arthropod species richness, herbivory, and predator/prey ratios along a tree diversity gradient in a central European deciduous forest. 92nd Annual Meeting of the Ecological Society of America (ESA): Ecological restoration in a changing world, San Jose, 123.
16. Sobek S, Steffan-Dewenter I, Tschardt T (2007) Effects of tree species diversity on insect herbivory and arthropod species richness. Verhandlungen der Gesellschaft für Ökologie Verhandlungen der Gesellschaft für Ökologie, Marburg, 57.
17. Thies C (2007) Biological aphid control at multiple spatial scale. Challenges of Biodiversity Science 1st Eurodiversity Conference, Marne-la-Vallée, 21.
18. Tschardt T (2007) Biodiversity and foodweb interactions in a landscape scale. Verhandlungen der Gesellschaft für Ökologie Verhandlungen der Gesellschaft für Ökologie, Marburg, 82.
19. Tschardt T, Sekercioglu C, Dietsch TV, Sodhi NS, Hoehn P, Tylianakis J (2007) Landscape constraints on functional diversity in tropical agroecosystems. 92nd Annual Meeting of the

Ecological Society of America (ESA): Ecological restoration in a changing world, San Jose, 95.

20. Vassière B, Cane S, Steffan-Dewenter I, Cunningham S, Kremen C, Tscharntke T, Clough Y, Klein AM (2007) Importance of pollinators for our world food crops. Tropical Diversity in the Anthropocene 20th Annual Meeting of the Society for Tropical Ecology (GTOe), Bonn, 100.
21. Veddeler D, Olschewski R, Tscharntke T, Klein AM (2007) Wild bees and coffee farmers' income at the farm scale. Diversity in Action 9th International Pollination Symposium on Plant-Pollinator Relationships-Diversity in Action, Ames, 169-170.
22. Viana BF, Rocha PLB, Silva FO, Klein AM (2007) Exploring causes of pollinator limitation of yellow passion fruit (*Passiflora edulis* Sims) in Northeast Brazil. Diversity in Action 9th International Pollination Symposium on Plant-Pollinator Relationships-Diversity in Action, Ames, 193-194.
23. Vollhardt IMG, Thies C, Wäckers FL, Bianchi F, Tscharntke T (2007) Is floral nectar more important than honeydew for the effectiveness of cereal aphid parasitoids? Berichte des naturwissenschaftlich-medizinischen Vereins Innsbruck, Supplementum 17 (2007) Entomologentagung 2007 Innsbruck, Innsbruck, 257-258.
24. Waßmuth BE, Stoll P, Thies C, Tscharntke T (2007) Enhancing coexistence of annual weeds by spatial seeding pattern and changes in species composition and fertilization. Verhandlungen der Gesellschaft für Ökologie, Marburg, 209.
25. Westphal C, Tscharntke T, Steffan-Dewenter I (2007) Effects of landscape complexity on the parasitism rates and parasite loads of bumblebees. Verhandlungen der Gesellschaft für Ökologie, Marburg, 100.
26. Wielgoss AC, Clough Y (2007) Role of tent building ant *Phyllidris* sp. a vector of Black Pod Disease of cocoa caused by *Phytophthora palmivora* in central Sulawesi, Indonesia. Tropical Diversity in the Anthropocene 20th Annual Meeting of the Society for Tropical Ecology (GTOe), Bonn, 115.
