Online Tools

- EXA: list of classes provided at the entire university and information about them (introduced in 2023, some improvements are still being done)
- StudIP: upload of exercises, notes, etc. for classes you registered for, most frequently used tool during the semester
- FlexNow: registration for exams, seminars, exercise sessions, overview over grades, issuing your academic record
- ECampus: unifies all of those, further tools: email-account, booking of rooms in the LSG, administration
- **Göttingen International** gives introduction videos on how to use these online tools

EXA

- EXA helps to find courses that will be held in the semester
- Vorlesungsverzeichnis: displays all courses from all faculties for the current semester. There you can look up information about a particular course (e.g. dates, room etc.)
- Veranstaltungen suchen: here you can search for a particular course (if you already know the exact name or number)

Printing balance

- Each student has a so-called printing balance for printing, scanning etc. It is about 5 Euro for one semester. This money can be used for printing only and is taken back at the end of each semester. In case if you would need more than 5 Euro per semester, you can load your own money to the printing balance.
